

Funding The Next Generation Of Medical Professionals

Our Mission

The foundation's mission centers on empowering high school students to pursue careers in the medical field at a very early stage in their academic program. The foundation's goal is to provide the necessary funding that Medical Magnet Programs require to continue thriving and partnering with medical professionals to establish Medical Magnet Programs in high schools across the United States in areas where these programs are not readily financially available.

What We Do

- ✓ Empower high school students to pursue a career in the medical field.
- ✓ Provide the necessary funding and support that Medical Magnet Programs and others like it required to continue thriving.
- ✓ Partner with medical professionals to expand and establish Medical Magnet Programs in high schools across the US.

How We Do It

- By organizing fundraising events for medical professionals.
- Work with schools, faculty and educational boards.
- Partner with hospitals and other medical facilities to introduce internships.

Why We Do It

- Our founders witnessed the positive impact made on their daughter being in a Magnet Program.
- It opens opportunities that may be unattainable to most students with financial limitations.
- To address the shortage of healthcare providers in California and across the country.
